DOCTORAL STUDIES IN ECONOMICS AND MANAGEMENT

LEM DOCTORAL PROGRAM

At the beginning of their thesis, LEM PhD students will sign the “convention de formation” of the ED SESAM that includes this specific doctoral program in economics and management.

On top of the courses below that must be followed and validated, this doctoral program includes the following tasks (which will not give rise to any ECT):

- Create an ORCID identifier + hal identifier
- Create a professional web page (use either a google site, or the professional web page available on the intranet, or a LinkedIn account) and send the link to Marion Romo (marion.romo@univ-lille.fr)
- Attend all the external LEM seminars + attend all your axis and team specific seminars
- Attend 2 PhD defenses (1 at the beginning of the PhD thesis and 1 at the end)
- Attend all the seminars given by the LEM invited researchers
- Book 1 slot every 18 months to meet an invited researcher at the LEM external seminar

The LEM doctoral program in economics and management is organized in 3 “blocs”.

- Bloc fondamental / méthodologique = 45 ECT
- Bloc transversal / d’ouverture: 10 ECT
- Bloc scientifique / académique: 10 ECT

Note: grey background for overlaps between economics and management
